

# RESEARCH STUDY

# Mobility Scooter Safety Study

## What is involved with participation?

- ✓ You will be asked to drive a motorized scooter and complete a series of 29 tasks around the campus.
- ✓ Tasks include maneuvers such as moving forwards, backwards, turning in place, navigating inclines, and operating various scooter functions.
- ✓ As a thank you for participation, you will receive a \$50 gift card.

## What is the purpose of this study?

We aim to enhance the safety and usability of motorized mobility scooters. Your participation will help us gather data to achieve these goals and publish our findings.

## Eligible participants must be

- ✓ at least 18 years old with an impairment in your lower extremities.
- ✓ able to follow instructions in English.
- ✓ able to operate a motorized mobility scooter.
- ✓ willing to complete the assigned tasks and adhere to safety protocols.
- ✓ able to sit independently without experiencing pain for up to 1 hour.

Scan QR code to complete a prescreen form and determine your eligibility.
